Product Data Sheet

B 60 W Bp / Ep

60 litre scrubber drier with a range of innovations and options.

The B 60 W range of scrubber driers offers genuine innovation and high productivity, combined with a large number of options to perfectly suit different working environments. All models feature traction drive and are available with either 240V mains or 24V battery power. The B 60 W features Kärcher's unique KIK key system, which enables supervisors to set operating parameters for users. All models feature interchangeable heads which enable an end-user to switch between disc or roller heads in different widths to better suit different cleaning applications. A fantastic range of accessories includes on-board cleaning tool storage and an automatic tank cleaning system, all designed to increase productivity.

Cleaning heads:

- R55 S - 55cm twin roller (standard width)
- D55 S - 55cm twin disc (standard width)
- D51 S - 51cm single disc (standard width on EP only)
- R65 S - 65cm twin roller (optional width Bp only)
- D65 S - 65cm twin disc (optional width Bp only)

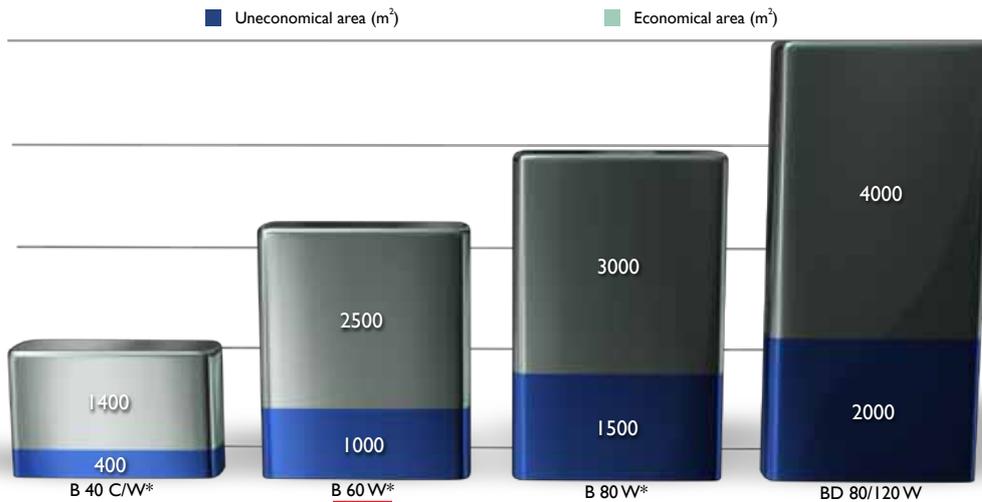

Features and Benefits:

- 60 litre tanks in narrow chassis for high productivity and high visibility
- Standardised operating panel
- Optional tank rinsing system
- Integrated wide range charger
- Oil resistant anti slip wheels
- Maintenance indicator as standard
- DOSE detergent metering system (except Ep version and Bp basic version)
- Pre-sweeper function (R head only)
