Product Data Sheet

B 80 W Bp

High productivity scrubber drier with a range of innovations and options.

The B 80 W scrubber drier offers new levels of convenience and productivity. With a large number of options available, the B 80 W can be tailored to perfectly suit different working environments. All models feature traction drive and automatic cleaning head and suction bar raising and lowering. The B 80 W features Kärcher's unique KIK key system, which enables supervisors to set operating parameters for users, and interchangeable heads which enable an end-user to switch between disc or roller heads in different widths to better suit different cleaning applications. A fantastic range of accessories includes on-board cleaning tool storage and an automatic tank cleaning system, all designed to increase productivity.

Cleaning heads:

R65 S - 65cm twin roller (standard width)

R75 S - 75cm twin roller (optional width)

D65 S - 65cm twin disc (standard width)

D75 S - 75cm twin disc (optional width)

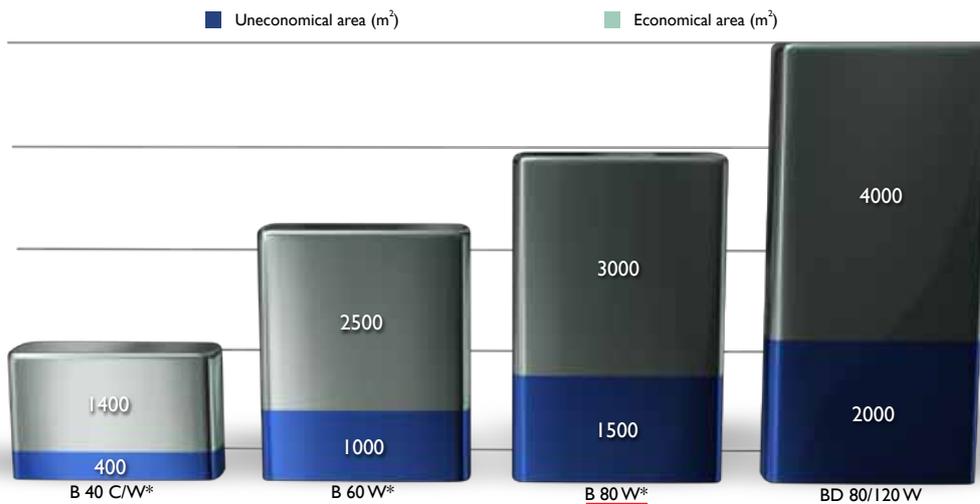

Features and Benefits:

- Twin, 80 litre tanks for long operating time
- Standardised operating panel
- Tank rinsing system as standard
- Integrated wide range charger
- Oil resistant anti slip wheels
- Maintenance indicator as standard on 4 colour display
- Automatic lifting and lowering of brush head and suction bar
- DOSE detergent metering system
- Pre-sweep function (R heads only)
